Sabarimala pilgrims' mad rush Centre suggests lower-cost transit systems for Madurai leaves authorities in tight spot

PATHANAMTHITTA: As nearly two lakh devotees arrived at the Lord Ayyappa shrine at Sabarimala here on Tuesday within 48 hours of the temple opening for the annual 'mandala-makaravilakku' pilgrimage season, the TDB and the police struggled to manage the massive flow of pilgrims, including children.

Large crowds of devotees packed the pilgrimage route from Pamba, the foothills of Sabarimala, to the Sannidhanam, with many facing hourslong delays in climbing the path. Small children carried on top of their parents' shoulders could be seen crying as the huge crowd of devotees jostled with each other to move forward. Many devotees were seen climbing over the barricades in place for crowd control, with the police failing to prevent such incidents. There were also reported complaints of pilgrims not receiving water while standing in the long queues for hours. Earlier, newly appointed Travancore Devaswom Board (TDB) president K Jayakumar said that instructions have been issued to ensure devotees are able to steadily climb the 18 steps for the darshan and that no one cuts the lines to move in front.

"I have never seen such a directions, more people are massive and dangerous crowd turning up for it. They are deon the temple grounds till now. manding immediate darshan Koyilandy in Kozhikode dis-road, a bus coming from behind Jayakumar also said that he through spot booking. So, we trict, officials said.

overcrowded Lower Thirumuttam at Sabarimala Lord Ayyappa temple on Tuesday SHAJI VETTIPURAM

has issued directions to restrict had to allow 37,000 people the flow of devotees at Nilakkal through spot booking as we to reduce the crowd of pilgrims could not turn them away," he said. The second problem was at Pamba and ensure they can complete their pilgrimage that people arriving through quickly without having to wait virtual-Q booking were not arriving on the day they had booked. Sreejith also said that "People can wait at Nilakkal. enough police personnel have There are facilities there for

> been deployed. Furthermore, many people are not coming via queues, which has also resulted in the present situation, he added.

Woman collapses, dies

A 58-year-old woman collapsed and died while waiting in queue for darshan at the Lord Ayyappa shrine in Sabarimala on Tuesday, sources in the district administration said. Travancore Devaswom Board president K Jayakumar told reporters that the woman's body would be transported back to her native place in an ambulance at the the TDB's expense. The deceased woman is from PTI ran over Venkatasubbu.ENS

THE DPR's assumption that the project could be built in three years was dismissed as unrealistic, while its economic and financial rate-of-return calculations were found to deviate from appraisal guidelines.

Crucially, the centre emphasised that Coimbatore's population — 15.84 lakh within municipal limits as per the 2011 Census — does not meet the 2-million threshold required under the Metro Rail Policy for initiating the metro-rail planning. The wider local planning area, five times the size of the

municipal corporation, is not covered by the proposed corridors and is therefore unlikely to generate significant ridership, it added. The ministry took a similar line on Madurai, observing that the city's comprehensive mobility plan, approved by the state government, indicates that the existing travel demand justifies a bus rapid transit system rather than a metro. With Madurai's population also below the 2-million mark, the centre said lower-cost, expandable modes such as a strengthened bus network or BRTS would offer better val-

ue for money.

Describing metro systems as "cost-intensive and to be planned carefully for longterm sustainability", the ministry returned both DPRs to the state. The decision underscores the centre's tighten-

when several tier-II cities are lobbying for metro systems to signal growth and attract investment.

ing interpretation of

the 2017 policy at a time

Reacting to the development, Madurai MP Su Venkatesan, in a post on X, condemned the union government and questioned

how the approvals granted to cities like Gurugram, Bhubaneswar, Agra, and Meerut with population lesser than 20 lakh as per Census 2011.

Many in Coimbatore also criticised the union government for the rejection. J Sathish Kumar, core committee member of Coimbatore NXT and Director of Kongu Global Forum, told *TNIE* that the people of Coimbatore, who have been waiting for this project for more than 15 years, have been hugely disappointed.

Stray dog causes accident in Madurai: Two killed

Madurai: A stray dog suddenly crossing a road resulted in an accident near Sikandar Savadi in Madurai early on Tuesday, in which a 56-year-old man and his wife, both riding a motorcycle, were killed. The deceased were identified as Venkatasubbu (56) and his wife Padmavathi (54) —residents of Jeevanagar in Madurai. Sources said the couple was travelling to Alanganallur around 5.30 am when the accident occurred. Along the Sikandar Savadi-Kamatchi Nagar stretch, a stray dog darted across and hit their bike, resulting in Venkatasubbu losing control of the vehicle. As both of them fell on the

No order on easing moisture norms for paddy procurement issued yet, says CM

paddy procurement

CONTINUED FROM PAGE1

STALIN said the state is expecting the marketable surplus of paddy to be 98.25 lakh metric tonnes (66.81 lakh metric tonnes of rice) in the current year's paddy procurement season, up to August 31, 2026.

He said the state had earlier proposed a 20-lakh-tonne rice procurement target for KMS 2025–26 (up to March 31, 2026), but the union ministry set it at 16 lakh tonnes. The CM has sought permission to revise and raise this target in line

field visits by three central teams in the last week of October, no order on relaxing the moisture content for

has been issued so far. Since the Kharif (Kuruvai) procurement is still under way, and the NE monsoon will intensify again, the CM has urged that the order on relaxation of moisture norm must be issued without delay to ensure that

Recalling the delay in the with the actual procurement. supply of fortified rice due to sied to conduct sampling and The CM said that despite the time taken for lab tests, the testing.

farmers are not affected.

CM said more fortified rice kernels (FRK) will be needed for milling and moving the procured paddy as fortified rice

and effectively managing the storage in the warehouses before the upcoming samba cultivation season. Hence, the CM requested increasing the

FRK chipping limit from 25 kg to 50 kg and raising the batch sample size from 10 MT to 25 MT to reduce samples and cut testing time to seven days. He also sought that FCI officials and southern labs be author-
